## Moose Safety

**Parents—teach kids to Be KidSafe around moose:**

- Remember that moose are wild animals
- Don't scream and run
- Never get between a mother moose and its calf

**Stay away from moose:**

- Keep at least 100 feet away (2 houses) from any moose and twice as far from one with a calf
- Get behind something big if a moose comes toward you
- Avoid moose: go back home, to school, to the nearest Safe Home or find a different, safe walking route
- Don't try to pet or feed moose
- Don't throw snowballs or objects at moose

**Signs of a moose ready to attack:**

- It dashes around, its ears go down, it will lick its lips, and the hair goes up on the back of its neck. You are too close if you can see all this!
